SPEAKERS

Bach Le, DDS, MD, FICD

Dr. Le is Assistant Professor, Division of Surgical Therapeutic and Bioengineering Sciences and Assistant Director, Oral and Maxillofacial Surgery, USC School of Dentistry and USC Medical Center. He is a Diplomate of the American Board of Oral & Maxillofacial Surgeons, the American Dental Society of Anesthesiologists, and the International Congress of Oral Implantologists. Dr. Le holds Fellowship in the International College of Dentists and the International Association of Oral & Maxillofacial Surgeons. Dr. Le maintains a private practice in Whittier, California.

David A. Hochwald, DDS

Dr. Hochwald is a Clinical Professor at the University of Southern California where he was the Past Director of Undergraduate Oral and Maxillofacial Surgery and is currently Co-Director of the USC Graduate Implant Surgery Program. Dr. Hochwald is a Diplomate of the American Board of Oral and Maxillofacial Surgery. He is a Fellow in the American Association of Oral and Maxillofacial Surgeons, a Fellow in the Academy of Dentistry International, and a Fellow in the International College of Dentists. Dr. Hochwald has extensive experience in preprosthetic and implant surgery, which has been his focus of interest in practice. He is currently in private practice in Bellflower and Huntington Beach, California.

Dennis-Duke R. Yamashita, DDS, FACD, FICD

Dr. Yamashita is a Clinical Professor, Division of Surgical Therapeutic and Bioengineering Sciences and Director, Oral and Maxillofacial Surgery, USC School of Dentistry and USC Medical Center. He is a Diplomate of the American Board of Oral & Maxillofacial Surgeons. Dr. Yamashita holds a Fellowship of the American College of Dentists, and is a Fellow of the International College of Dentists.

CORPORATE SPONSORS

SYNOPSIS

This advance bone graft course will feature scientific lectures and a hands-on workshop. The course will focus on the most current techniques in bone grafting to improve long-term clinical success with dental implants. This course is designed for the clinician that has prior implant experience and would like to broaden his/her knowledge and scope of practice and improve surgical skills.

Upon completion of this course, participants should be able to:

- Understand bone biology and graft healing
- Perform alveolar ridge augmentation techniques such as:
 - Maxillary grafting
 - Mandibular grafting
 - Vertical and horizontal alveolar onlay grafting
 - Ridge split technique
 - Flap designs
- Perform maxillary sinus grafting including:
 - Caldwell-Luc approach
 - Osteotome technique
- Compare various graft materials
- Harvest ramus and chin grafts
- Perform socket preservation including:
 - Techniques for atraumatic teeth extraction
 - Immediate implant placement techniques
- Recognize and treat graft complications

REGISTRATION FEES

Before September 15, 2005

Dentist: \$795
Auxiliary: \$395

After September 15, 2005

Dentist: \$865
Auxiliary: \$425
